Our goal is to provide Internet and email access for resource sharing, teaching, learning and communicating as a tool to promote excellence. By signing the attached agreement, you agree that you and your student understand that the rules and regulations apply to any device used to access the school district's Internet, no matter if the district or the student owns the device.

The agreement states that Plain Local Schools reserves the right to review any and all information that is stored on district technology or sent and received using the district Internet and email. The district is not responsible for information or personal documents stored on devices owned by the district or for the type or accuracy of information obtained by using the Internet and email.

Students' use of technology that violates the student code of conduct will face consequences following our student discipline guidelines. Issues that fall under the Ohio and Federal Criminal Codes will be turned over to the proper authorities.

Please be sure to review and talk about the attached Acceptable Use Agreement with your student. Many of these guidelines can be used in your own home in order to ensure that your student is using the Internet in a safe and responsible manner.

Thank you for partnering with us in your student's education. We will work to provide you and your student with other resources regarding Internet and email safety.
