

# Parent Right to Know: Teacher Qualifications

The Every Student Succeeds Act (ESSA) states that parents of students in schools participating in a Title I program may request information regarding the professional qualifications of their child's classroom teacher, including the following:

- Whether the teacher has met the Ohio teacher licensing criteria for the grade level and subject areas in which the teacher provides your child's instruction
- Whether the teacher is teaching under emergency or temporary status that waives state licensing requirements
- The college degree major of the teacher and any other graduate degree or certification

Whether your child is provided services by instructional paraprofessionals (sometimes called teacher's aides) and their qualifications.

Parents who wish to request information regarding the professional qualifications of their child's classroom teacher may contact the Assistant Superintendent's office at: 330-492-3500 ex. 321.

## Title I Building Plan

Title I is a federally funded program that allows qualifying schools to provide supplemental services for students in need of assistance in reading and math. Our school is fortunate to qualify for and participate in, the Title I program. Needs assessment surveys completed by parents and staff, and review of state test results, will be used to help develop the Title I program, measure the effectiveness of the program, and make changes in the program as needed.

Parent involvement is very important to the success of the Title I program. If you have suggestions that you would like to have considered when the parent involvement policy, school-parent-student compact, Title I building plan or the spending of the one percent of Title I funds for parent involvement is developed or revised, please email Jill Collet, Title I Director at
