Grade Cam – Accessing Teacher Reports for Shared Assignments

*When an assignment is shared with you often times you only want to see your students’ information. The following directions will explain how to access only your students’ information.

1. Login to GradeCam.
2. Select the REPORTS tab along the top.
3. Select TEACHERS along the left hand side.
4. Your name will appear in the center pop-up window. Select it.
5. A Teacher Overview Report will appear.
6. Scroll down and select the assignment you want to view.
7. This will take you to the Summary report.
8. Across the top you may select any of the various reports available in Grade Cam.

9. The exam report is an individual report by student. This report shows how the student answered each question and whether it was right or wrong.
