1. Open Firefox, Safari, or Google Chrome
2. Go to downloads.grade.cam.com
3. Click on Download
4. Save File
5. Double click on the gcplugin in the download window.
6. Click on Install GradeCam Plugin icon.
7. Paper Airplane will jump in your dock. Click on the airplane.
8. This window will appear. Click OK.
9. Your webcam will now be activated. You should be able to see yourself in this window. If this does not happen contact Ann or Heather.
