2. **Send a note with one of your other children or a neighbor’s child indicating your child’s absence. This note should be sent to the school office.**

Reported absences are the responsibility of the parent/guardian. Absences due to trips may be permitted, but prior approval must be received from the Principal. Parents should notify the school a minimum of 5 school days ahead of extended absences that would require schoolwork.

Upon returning a child MUST bring a note from the doctor, dentist, parent, etc., stating why the child was not in attendance.

RECESS (OUTDOORS)

All children who are physically fit and have no written excuse for illness are expected to go outside during the recess period. We ask parents to refrain from writing indoor excuses for a lengthy period of time unless a physician gives a medical reason.

Proper dress suitable for the prevailing weather conditions permits children to experience recess throughout the year. Recess is held indoors during inclement weather.

SAFETY/SECURITY

The Blue Strobe Security system has been installed at all Plain Local Schools buildings. The flashing light is an indication the building is on lock down and no one should enter. This precaution is in place for true emergencies and should be treated as such.

SCHOOL CLOSINGS

You will be notified of school closings due to inclement weather or emergencies by phone. Please make sure your phone number is current with your building secretary. Notice of a school cancellation will also be posted on the main page of the Plain Local Schools website, www.plainlocal.org. Please do not call the school for closing information.

In addition, the Plain Local School District may implement a 2-hour delay. This is intended to lessen the amount of school day cancellations due to inclement weather. Should a 2-hour delay be enacted, school will run as normally scheduled with the exception of starting 2 hours later. This means that:

1. Buses will pick up students exactly 2 hours later than normal procedures
2. Lunch will be served at the regularly scheduled times
3. Dismissal will begin at the regularly scheduled time

SCHOOL COMMUNICATION

There will be a weekly email update sent. You can sign up to receive these email updates at www.plainlocal.org or by contacting our office. The bus drivers are responsible for the buses and discipline while students are on the buses. Students may be refused transportation on the bus if they do not follow the rules for behavior or create a safety risk for other students riding the bus.

Please review proper conduct on the bus with your child. If you have any problems concerning bus stops, time, drivers, etc., call the Transportation Supervisor at 330-492-1918.

4) Chemical Abuse Policy

Sale, distribution, possession, use, abuse, and/or being under the influence of alcohol or drugs on school property before or during school-related activities are grounds for a ten-day suspension and possible recommendation for expulsion. Each offense warrants a different approach.

a) Sale. When a student is found to be selling alcohol or drugs the following will occur:

I. The student will be suspended for ten days out of school and recommended for expulsion.

II. The offense will be reported to the proper law enforcement authorities.

III. Early re-entry may be considered upon completion of an assessment and/or treatment as prescribed.

IV. All such re-entries will include the signing of a no use/abuse contract by the student and parents/guardians. Should the student or parents reject these alternatives, re-entry before the end of the assigned expulsion period would be denied.

V. Failure to faithfully attend and participate in group sessions will result in reactivating the expulsion for the remainder of the semester.

VI. A second offense will result in a ten-day suspension out of school and a recommendation for expulsion.

b) Distribution. When a student is found to be distributing or attempting to distribute any chemical the following will occur:

I. The student will be suspended for ten days out of school and recommended for expulsion.

II. When illegal substances are involved, the proper law enforcement authorities will be notified.

III. A hearing will be scheduled, during which a possible alternative to expulsion will be explored. The meeting will conclude with a recommendation either that the expulsion stands, or that appropriate alternatives are considered. Alternatives may include the signing of a no use/abuse contract by the student and parents/guardians. Should the student or parents reject these alternatives, it will be recommended that the expulsion stand. If the final recommendation is for an assessment, the individual will be responsible for following the guidelines of the assessment. Failure to do so will lead to a recommendation for expulsion.

IV. A second offense will result in a ten-day suspension out of school and recommendation for expulsion.

c) Use / Possession. When a student is found to be possessing or using an unprescribed chemical, the following will occur:

I. The student will be suspended for ten days out of school, with a possible recommendation for expulsion.
II. The offense will be reported to the appropriate law enforcement authorities.

III. After the beginning of the suspension, a meeting may be held to prescribe a program for the student. Alternatives may include the signing of a no use / abuse contract by the student and parents / guardians. Should the student or parents reject these alternatives, the remainder of the suspension shall be served out of school.

IV. Acceptance of recommended student involvement will allow for the student to finish the suspension or to attend an assessment, if one has been recommended.

V. A second offense will result in a ten-day suspension out of school and recommendation for expulsion.

d) Suspected Use / Abuse/Dependency

Teachers and staff members will be provided with specially prepared referral sheets to be used when a student exhibits behaviors noted on referral sheets. These referrals will be forwarded to the appropriate person or committee who will maintain a file. When the quantity and / or quality of the referrals suggest action to be taken, a meeting will be scheduled. At this meeting, the parents / guardians will be made aware of the nature of the referrals and recommendation may be made for the student to sign a no use/abuse contract, to attend group sessions, or to seek professional help. If the parents or the student reject the recommendation of the group, they both will be informed that the student’s behavior will continue to be monitored.

e) Look-Alike Drugs

I. Anyone who sells or distributes any substances falsely represented to be an illegal substance shall fall under the same provisions of the Chemical Abuse Policy as though the “look-alike” substance were, in fact, the substance represented. (5) Describing the effects of a substance falsely so as to mislead a reasonable person into thinking the substance was other than what it really is.

(6) Advertising for the sale or distribution of substances falsely represented.
II. In addition to the preceding chemical abuse policy, schools may also include as part of their programs curriculum development, counseling and psychological services or community resources.

5) Attendance/Truancy

Excessive absences and habitual truancy as defined by Ohio law will be addressed under Board policy. Habitual truancy may be reported to the bureau of motor vehicles and juvenile court. In addition, unexcused absences, leaving class/school without permission, and/or excessive tardiness to class/school may result in discipline up to and including in-school suspension.

6) Due Process Rights

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed. Also, certain procedures must be followed if a student is subject to an emergency removal. As long as a student’s informal/in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal.

7) Suspension

A suspension is a removal from school for up to ten (10) school days. When a student engages in any of the preceding behaviors on school property, or during school related activities, the student will be disciplined according to administrative guidelines with appropriate due process, possibly resulting in a suspension.

a) Guidelines

Students violating the Plain Local Student Code of Conduct and whose behavior warrants a suspension shall fall under the following guidelines:

1) Students being considered for suspension are entitled to an informal meeting with the Principal or Assistant Principal prior to removal. During the informal meeting, the student shall be made aware of the violation and that he/she may be suspended, and given the opportunity to respond to the charges against him/her.

2) The administration may amend the consequence when deemed appropriate.

3) In case of property loss, restitution may be required.

4) Disruptive behavior, as identified earlier in the Code of Conduct, may result in a suspension.

5) Misconduct described in the Student Discipline Policies and Code of Conduct may be punished under that Policy or Code even if the misconduct occurs off school property as long as the misconduct is connected to activities or incidents that have offered on property or owned or controlled by the School District.

6) Misconduct described in the Student Discipline Policies or Code of Conduct may be punished under that policy or code regardless of where the misconduct occurs, if the misconduct is directed at an employee of officer of the School District or at the prop-
property of an employee or officer of the School District.

7) Any acts, in the opinion of the building administrator, that endanger the safety of staff or students, or are criminal acts can result in immediate suspension for up to 10 days.

8) An administrator shall consider all other violations of the Plain Local School District Code of Conduct, and appropriate consequences shall be chosen.

9) Students returning to school following an expulsion will fall under the “3rd offense” for any suspendable behavior during the remainder of the school year.

b) Accumulated Consequences
All disciplinary responses accumulate over a given school year.

c) Procedures
When a student is being considered for a suspension, the Principal or Assistant Principal will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal hearing, the Principal or Assistant Principal will determine whether or not to suspend the student. If the decision is made to suspend the student, s/he and his/her parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within two (2) calendar days after receipt of the suspension notice, to the Treasurer or Board of Education. The request for an appeal must be in writing. During the appeal process, the student shall not be allowed to remain in school. If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or his/her representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

8) Expulsion
An expulsion is a removal from school for up to eighty (80) school days. When a student engages in any of the preceding behaviors on school property, or during school related activities, the student will be disciplined according to administrative guidelines with appropriate due process, possibly resulting in an expulsion.

a) Guidelines
Students violating the Plain Local School District Student Code of Conduct and whose behavior warrants an expulsion shall fall under the following guidelines:
1) Students being considered for expulsion are entitled to an informal meeting with the Superintendent or his/her designee prior to removal. During the informal meeting, the student shall be made aware of the violation and that he/she may expelled, and given the opportunity to respond to the charges against him/her.

2) The Superintendent or his/her designee may amend the consequence when deemed appropriate.

3) In case of property loss, restitution may be required.

4) Disruptive behavior, as identified earlier in the Code of Conduct, may result in an expulsion.

5) Misconduct described in the Student Discipline Policies and Code of Conduct may be punished under that Policy or Code even if the misconduct occurs off school property as long as the misconduct is connected to activities or incidents that have offered on property or owned or controlled by the School District.

6) Misconduct described in the Student Discipline Policies or Code of Conduct may be punished under that policy or code regardless of where the misconduct occurs, if the misconduct is directed at an employee of officer of the School District or at the property of an employee or officer of the School District.

7) Any acts, in the opinion of the building administrator, that endanger the safety of staff or students, or are criminal acts may include a consideration for expulsion.

8) Any student who is expelled from school for more than twenty (20) days or for any period of time if the expulsion will extend into the following semester or school year will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student’s attitude and behavior that contributed to the incident that gave rise to the student’s expulsion.

9) Students returning to school following an expulsion will fall under the “3rd offense” for any suspendable behavior during the remainder of the school year.

10) Expelled Students who return to school may be expelled from school for a period not to exceed one year for committing an act that is a criminal offense if committed by an adult and that results in serious physical harm to persons or property.

11) Expelled students may also be permanently excluded from attending school. Such process is formal and may follow an expulsion from school with the proper notification to the parents.

b) Accumulated Consequences

All disciplinary responses accumulate over a given school year.

c) Procedures

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person
before the Superintendent or the Superintendent’s designee to challenge the reasons for the expulsion and/or explain the student’s action, and notification of the time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given. Parents may request an extension of time for the hearing. The student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice at the hearing. In accordance with Board Policy 5610, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled. If a student is expelled, the student and the student’s parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student’s parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session. Within three (3) calendar days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student’s parents may pursue further appeal to the Court of Common Pleas. Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student’s driver’s license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed.

9) Emergency Removal

If a student’s presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, Principal or Assistant Principal may remove the student from any curricular or extracurricular activity or from the school premises. A teacher may remove the student from any curricular or extracurricular activity under the teacher’s supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.
If the emergency removal exceeds one (1) school day, then a hearing will be held within three (3) school days after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of school suspension, the student will have the opportunity to appear at an informal hearing before the principal, assistant principal, Superintendent or a designee, and may challenge the reasons for the removal or otherwise explain his/her actions.

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or his/her parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student’s right to be represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will take place within three (3) school days and will be held in accordance with the procedures outlined in the Expulsion policy (see Section 7 Expulsion). The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

10) Permanent Exclusion

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

1. Conveying deadly weapons on to school property or to a school function.
2. Possessing deadly weapons on school property or at a school function.
3. Carrying a concealed weapon on school property or at a school function.
4. Trafficking in drugs on school property or at a school function.
5. Murder or aggravated murder on school property or at a school function.
6. Voluntary or involuntary manslaughter on school grounds or at a school function.
7. Assault or aggravated assault on school grounds or at a school function.
8. Rape, gross sexual imposition, or felonious sexual penetration on school grounds, at a school function, or when the victim is a school employee.
9. Complicity in any of the above offenses, regardless of location.

It should be noted that it is impossible to foresee all possible conduct infractions, and that the administration reserves the right to impose disciplinary action for any act that is contrary to
proper behavior yet might not be expressly stated in this handbook.

Students who violate the Student Handbook and/or fail to make adequate academic progress may face the following corrective actions, which include informal and formal discipline:

- **Informal Discipline** – Informal discipline takes place within the school environment, and will not be offered as an option when, in the opinion of the Principal, Assistant Principal, or Superintendent, the offense warrants formal discipline or is of a criminal nature. - **Criminal Charges** – Students who are suspected of engaging in criminal conduct may be referred to law enforcement as well as disciplined at school. Such law enforcement officials will be permitted to carry out any necessary law enforcement functions in Plain Local Schools, including the removal of a student from school property when deemed appropriate. Also, certain criminal acts may result in permanent exclusion from school.

- **Emergency Removal** – Students may be immediately removed from school for up to three school days.

- **Permanent Exclusion** – Students who are sixteen (16) years of age or older may be permanently excluded from school for engaging in certain criminal conduct.

  - In addition to informal and formal discipline, students may be excluded from attending Plain Local School District Events, Functions and or Activities. Also, students involved in co-curricular and extra-curricular activities can lose their eligibility.
